ASSOCIATED CAPITAL GROUP, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2024
(UNAUDITED)

1. Organization

Unless we have indicated otherwise, or the context otherwise requires, references in this report to “Associated Capital Group, Inc.,” “Associated Capital,” “AC Group,” “the Company,” “AC,” “we,” “us” and “our” or similar terms are to Associated Capital Group, Inc., its predecessors and its subsidiaries.

We are a Delaware corporation that provides alternative investment management, and we derive investment income/(loss) from proprietary investments of cash and other assets in our operating business.

Gabelli & Company Investment Advisors, Inc. (“GCIA”), a wholly-owned subsidiary of AC, and its wholly-owned subsidiary, Gabelli & Partners, LLC (“Gabelli & Partners”), collectively serve as general partners or investment managers to investment funds, including limited partnerships and offshore companies (collectively, “Investment Partnerships”) and separate accounts. We primarily manage assets across a range of risk and event arbitrage portfolios and in equity event-driven value strategies. The businesses earn management and incentive fees from their advisory activities. Management fees are largely based on a percentage of assets under management. Incentive fees are based on the percentage of the investment returns of certain clients’ portfolios. GCIA is an investment adviser registered with the Securities and Exchange Commission under the Investment Advisers Act of 1940, as amended.

AC Spin-off

On November 30, 2015, GAMCO Investors, Inc. (“GAMCO” or “GAMI”) distributed all the outstanding shares of each class of AC common stock on a pro rata one-for-one basis to the holders of each class of GAMCO’s common stock (the “Spin-off”).

As part of the Spin-off, AC received 4,393,055 shares of GAMCO Class A common stock for \$150 million. The Company held 2,382,170 shares as of March 31, 2024 and 2,386,295 shares as of December 31, 2023.

Basis of Presentation

The unaudited interim condensed consolidated financial statements of AC Group included herein have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by GAAP in the United States for complete financial statements. The unaudited interim condensed consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary for a fair presentation of financial position, results of operations and cash flows of the Company for the interim periods presented and are not necessarily indicative of a full year’s results. These interim condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.

The interim condensed consolidated financial statements include the accounts of AC Group and its subsidiaries. All intercompany transactions and balances have been eliminated. The details on the impact of consolidating certain partnership entities on the condensed consolidated financial statements can be seen in Note 4. Investment Partnerships and Other Entities.

For the three months ended March 31, 2024 and 2023, there were no items related to other comprehensive income.

Use of Estimates

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported on the condensed consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Developments

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. The amendments require disclosure of specific categories in the rate reconciliation and provide additional information for reconciling items that meet a quantitative threshold and further disaggregation of income taxes paid for individually significant jurisdictions. The ASU is effective for fiscal years beginning after December 15, 2024, with early adoption permitted. We are currently evaluating the impact that this guidance will have on the disclosures within our consolidated financial statements.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280)*, which improves reportable segment disclosure requirements. The new standard will require enhanced disclosures about a public company's significant segment expenses and more timely and detailed segment information reporting throughout the fiscal period, including for companies with a single reportable segment. The standard is effective for annual periods beginning after December 15, 2023 and interim periods beginning after December 15, 2024, and early adoption is permitted. We are currently evaluating the impact that this guidance will have on our consolidated financial statements and related disclosures.

4. Investment Partnerships and Other Entities

The Company is a general partner or co-general partner of various affiliated entities whose underlying assets consist primarily of marketable securities ("Affiliated Entities"). The Company had investments in Affiliated Entities totaling \$109.1 million and \$107.4

million at March 31, 2024 and December 31, 2023, respectively. The Company also had investments in unaffiliated partnerships, offshore funds and other entities of \$37.1 million and \$35.6 million at March 31, 2024 and December 31, 2023, respectively (“Unaffiliated Entities”). We evaluate each entity to determine its appropriate accounting treatment and disclosure. Certain of the Affiliated Entities, and none of the Unaffiliated Entities, are consolidated.

Investments in partnerships that are not required to be consolidated are accounted for using the equity method and are included in investments in partnerships on the condensed consolidated statements of financial condition. The Company reflects the equity in earnings of these Affiliated Entities and Unaffiliated Entities as net gain/(loss) from investments on the condensed consolidated statements of income.

Capital may generally be redeemed from Affiliated Entities on a monthly basis upon adequate notice as determined in the sole discretion of each entity’s investment manager. Capital invested in Unaffiliated Entities may generally be redeemed at various intervals ranging from monthly to annually upon notice of 30 to 95 days. Certain Unaffiliated Entities and Affiliated Entities may require a minimum investment period before capital can be voluntarily redeemed (a “Lockup Period”). No investment in any Investment Partnership has an unexpired Lockup Period. The Company has no material outstanding capital commitments to any Affiliated or Unaffiliated Entity.

Variable Interest Entity

We have one investment partnership that is consolidated as a VIE as of March 31, 2024 and December 31, 2023 because AC is the primary beneficiary of the entity. With respect to the consolidated VIE, its assets may only be used to satisfy its obligations. The investors and creditors of the consolidated VIE have no recourse to the Company's general assets. In addition, the Company neither benefits from such VIE's assets nor bears the related risk beyond its beneficial interest in the VIE.

The following table presents the balances related to the VIE that is consolidated and included on the condensed consolidated statements of financial condition, as well as the Company's net interest in that VIE (in thousands):

	March 31, 2024	December 31, 2023

AC Group's net interests in the consolidated VIE	<u>\$ 9,800</u>	<u>\$ 9,666</u>

(1) Represents the summation of multiple liabilities from the condensed consolidated statements of financial condition.

Voting Interest Entity

We have one investment partnership that is consolidated as a VOE as of March 31, 2024 and December 31, 2023 because AC has a controlling interest in the entity. This resulted in the consolidation of \$70.9 million of assets, \$1.8 million of liabilities, and \$5.3 million of redeemable noncontrolling interests at March 31, 2024 and \$72.4 million of assets, \$1.4 million of liabilities, and \$5.6 million of redeemable noncontrolling interests at December 31, 2023. AC's net interest in the consolidated VOE at March 31, 2024 and December 31, 2023 was \$63.8 million and \$65.4 million, respectively.

Equity Method Investments

The Company's equity method investments include investments in partnerships and offshore funds. The Company evaluates each of its equity method investments to determine if any are significant as defined in the regulations applicable to smaller reporting companies promulgated by the SEC. As of and for the three months ended March 31, 2024, no individual equity method investment held by the Company met the significance criteria. As such, the Company is not required to present summarized income statement information for any of its equity method investments.

5. Fair Value

Accounting Standards Codification Topic 820, Fair Value Measurement (ASC 820) specifies a hierarchy of valuation classifications based on whether the inputs to the valuation techniques used in each valuation classification are observable or unobservable. These classifications are summarized in the three broad levels listed below:

- Level 1 - Unadjusted quoted prices for identical instruments in active markets.
- Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable.
- Level 3 - Valuations derived from valuation techniques in which significant inputs or significant value drivers are unobservable.

Inputs used to measure fair value might fall in different levels of the fair value hierarchy, in which case the Company defaults to the lowest level input that is significant to the fair value measurement in its entirety. These levels are not necessarily an indication of the risk or liquidity associated with the investments.

The following tables present assets and liabilities measured at fair value on a recurring basis, unless otherwise noted, as of the dates specified (in thousands):

Assets	March 31, 2024			Total

The following table presents additional information about assets measured at fair value on a recurring basis and for which the Company has utilized Level 3 inputs to determine fair value:

Assets:	Three Months Ended March 31,	
	2024	2023
Beginning balance	\$ 10,610	\$ 13,774
Total gains/(losses)	-	(33)
Purchases	3,900	1,000

Ending balance	\$ 12,110	\$ 14,741
Changes in net unrealized gain/(loss) included in Net gain/(loss) from investments related to Level 3 assets still held as of the reporting date	\$ -	\$ (33)

Total realized and unrealized gains and losses for Level 3 assets are reported in net gain/(loss) from investments in the condensed consolidated statements of income.

During the three months ended March 31, 2024 and 2023, there were no transfers into or out of Level 3.

The Company uses a discounted cash flow analysis when determining the fair value of privately issued preferred securities of affiliated closed-end funds that are categorized as Level 3. Projected cash flows in the discounted cash flow analysis represent the relevant security's dividend rate plus the assumption of full principal repayment at the preferred security's earliest available redemption date.

The significant unobservable input used in the fair value measurement of each of the Company's investments in privately issued preferred securities of closed-end funds is the discount rate. The discount rate was determined using the interest rates of U.S. Treasury Bills that are held over a similar period as the preferred security. The discount rates used in the valuation of these investments as of March 31, 2024 ranged from 4.42% to 5.37% with a weighted average of 5.14% calculated based on the relative fair value. Significant changes in the discount rate could result in a significantly higher or lower fair value measurement of these Level 3 investments.

The Company uses the "market" approach as the valuation technique to value its investment in common stocks classified as Level 3, the investment has been valued using inputs from a transaction.

6. Income Taxes

The effective tax rate (“ETR”) for the three months ended March 31, 2024 and March 31, 2023 was 21.5% and 8.1%, respectively. The ETR in the year to date periods of 2024 and 2023 differ from the U.S. corporate tax rate of 21% primarily due to (a) deferred tax benefits from a foreign investment, (b) state and local taxes (net of federal benefit) and (c) the deductibility of officers' compensation. The increase in the ETR for the three months ended March 31, 2024 was primarily due to deferred tax benefits from a foreign investment which reduced the prior year’s rate.

At March 31, 2024 the Company had net deferred tax assets, before valuation allowance, of approximately \$6.6 million that were recorded within income taxes receivable in the condensed consolidated statements of financial condition. The Company believes that it is more-likely-than-not that the benefit from a portion of the shareholder-designated charitable contribution carryforwards will not be realized. In recognition of this risk, the Company has provided a valuation allowance of \$0.2 million and \$0.4 million as of March 31, 2024 and December 31, 2023, respectively, on the deferred tax assets related to these charitable contribution carryforwards.

As of and for the periods ended March 31, 2024 and December 31, 2023, the Company has not identified any uncertain tax positions.

The Company remains subject to income tax examination by the IRS for the years 2020 through 2022 and state examinations for years after 2017.

7. Earnings per Share

Basic earnings per share is computed by dividing net income/(loss) attributable to our shareholders by the weighted average number of shares outstanding during the period. Diluted earnings per share is computed by dividing net income/(loss) attributable to our shareholders by the weighted average number of shares, plus any potentially dilutive securities (if any), outstanding during the period.

The computations of basic and diluted net income/(loss) per share are as follows:

(In thousands, except per share amounts)	Three Months Ended March 31,	
	2024	2023
Income/(loss) before noncontrolling interests	\$ 13,857	\$ 18,022
Income/(loss) attributable to noncontrolling interests	36	268
Net income/(loss) attributable to Associated Capital Group, Inc.'s shareholders	<u>\$ 13,821</u>	<u>\$ 17,754</u>
Weighted average number of shares outstanding - basic	21,500	21,970
Weighted average number of shares outstanding - diluted	21,500	21,970
Basic and Diluted EPS	<u>\$ 0.64</u>	<u>\$ 0.81</u>

8. Equity

Voting Rights

The holders of Class A Common stock (“Class A Stock”) and Class B Common stock (“Class B Stock”) have identical rights except that holders of Class A Stock are entitled to one vote per share, while holders of Class B Stock are entitled to ten votes per share on all matters to be voted on by shareholders in general. Holders of each share class, however, are not eligible to vote on matters relating exclusively to the other share class.

Stock Award and Incentive Plan

The Company’s Board of Directors periodically grants shares of Phantom Restricted Stock awards (“Phantom RSAs”). Under the terms of the grants, the Phantom RSAs vest 30% and 70% after three and five years, respectively. The Phantom RSAs will be settled by a cash payment, net of applicable withholding tax, on the vesting dates. In addition, an amount equivalent to the cumulative dividends declared on shares of the Company’s Class A Stock during the vesting period will be paid to participants on vesting.

The Phantom RSAs are treated as a liability because cash settlement is required and compensation will be recognized over the vesting period. In determining the compensation expense to be recognized each period, the Company will re-measure the fair value of the liability at each reporting date taking into account the remaining vesting period attributable to each award and the current market value of the Company’s Class A Stock. In making these determinations, the Company will consider the impact of Phantom RSAs that have been forfeited prior to vesting (e.g., due to an employee termination). The Company has elected to consider forfeitures as they occur.

Based on the closing price of the Company's Class A Stock on March 31, 2024 and December 31, 2023, the total liability recorded by the Company in compensation payable in our condensed consolidated statements of financial condition as of March 31, 2024 and December 31, 2023, with respect to the Phantom RSAs was \$3.7 million and \$3.5 million, respectively.

The following table summarizes our stock-based compensation as well as unrecognized compensation for the three month periods ended March 31, 2024 and 2023, respectively. Stock-based compensation expense is included in compensation expense in the condensed consolidated statements of income (dollars in thousands, unless otherwise noted):

	Three Months Ended March 31,	
	2024	2023
Stock-based compensation expense	\$ 162	\$ (118)
Remaining expense to be recognized, if all vesting conditions are met ⁽¹⁾	4,093	3,197
Weighted average remaining contractual term (in years)	2.0	1.7

(1) Does not include an estimate for projected future dividends.

The following table summarizes Phantom RSA ("PRSA") activity:

	PRSAs	Weighted Average Grant Date Fair Value
Balance at December 31, 2023	233,695	\$ 37.38
Granted	-	-
Forfeited	-	-
Vested	-	-
Balance at March 31, 2024	233,695	\$ 37.38

Stock Repurchase Program

In December 2015, the Board of Directors established a stock repurchase program authorizing the Company to repurchase up to 500,000 shares of Class A Stock. On February 7, 2017, the Board of Directors reset the available number of shares to be purchased under the stock repurchase program to 500,000 shares. On August 3, 2017 and May 8, 2018, the Board of Directors authorized the repurchase of an additional 1 million and 500,000 shares, respectively. On February 6, 2024, the Board of Directors authorized the repurchase of an additional 350,000 shares. Our stock repurchase program is not subject to an expiration date.

The following table presents the Company's stock repurchase activity and remaining authorization:

	Number of shares purchased	Average price per share
For the period ended March 31, 2024:		
Remaining repurchase authorization December 31, 2023	156,664	
Share repurchases under stock repurchase program (1)	(117,354)	\$ 33.63
Remaining repurchase authorization March 31, 2024 (2)	389,310	
For the period ended March 31, 2023:		
Remaining repurchase authorization December 31, 2022	609,352	
Share repurchases under stock repurchase program (1)	(52,307)	\$ 37.27
Remaining repurchase authorization March 31, 2023	557,045	

(1) Repurchases totaled \$3.9 million and \$1.9 million for the three-month periods ended March 31, 2024 and 2023, respectively.

(2) On February 6, 2024, the Board of Directors authorized the repurchase of an additional 350,000 shares.

Dividends

There were no dividends declared during the three-month periods ended March 31, 2024 or 2023.

9. Goodwill

At March 31, 2024 and December 31, 2023, goodwill on the condensed consolidated statements of financial condition includes \$3.4 million of goodwill related to GCIA. The Company assesses the recoverability of goodwill at least annually, or more often should events warrant, using a qualitative assessment of whether it is more likely than not that an impairment has occurred to determine if a quantitative analysis is required. There were no indicators of impairment for the three months ended March 31, 2024 or March 31, 2023, and as such there was no impairment analysis performed or charge recorded.

10. Guarantees, Contingencies and Commitments

From time to time, the Company may be named in legal actions and proceedings. These actions may seek substantial or indeterminate compensatory as well as punitive damages or injunctive relief. We are also subject to governmental or regulatory examinations or investigations. The examinations or investigations could result in adverse judgments, settlements, fines, injunctions, restitutions or other relief. For any such matters, the condensed consolidated financial statements include the necessary provisions for losses, if any, that the Company believes are probable and estimable. Furthermore, the Company evaluates whether losses exist which may be reasonably possible and will, if material, make the necessary disclosures. Management is not aware of any probable or reasonably possible losses.

The Company has also entered into arrangements with various other third parties, many of which provide for indemnification of the third parties against losses, costs, claims and liabilities arising from the performance of obligations under the agreements. The Company has had no claims or payments pursuant to these or prior agreements and believes the likelihood of a claim being made is remote, and, therefore, no accrual has been made on the condensed consolidated financial statements.

11. Subsequent Events

From April 1, 2024 to May 14, 2024, the Company repurchased 22,338 shares at an average price of \$32.77 per share.

On May 8, 2024, the Board of Directors declared a semi-annual dividend of \$0.10 per share, which is payable on June 27, 2024 to Class A and Class B shareholders of record on June 14, 2024.

ITEM 2: MANAGEMENT’S DISCUSSION AND ANALYSIS (“MD&A”) OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Introduction

MD&A is provided as a supplement to, and should be read in conjunction with, the Company’s unaudited interim consolidated financial statements and accompanying notes thereto included in this Quarterly Report on Form 10-Q, as well as the Company’s audited annual financial statements included in our Form 10-K filed with the SEC on March 21, 2024 to help provide an understanding of our financial condition, changes in financial condition and results of operations. Unless the context otherwise requires, all references to “we,” “us,” “our,” “AC Group” or the “Company” refer collectively to Associated Capital Group, Inc., a holding company, and its subsidiaries through which our operations are actually conducted.

Overview

We are a Delaware corporation, incorporated in 2015, that provides alternative investment management services and operates a direct investment business that over time invests in businesses that fit our criteria. Additionally, we derive income from proprietary investments.

Alternative Investment Management

We conduct our investment management activities through our wholly-owned subsidiary Gabelli & Company Investment Advisers, Inc. (“GCIA”) and its wholly-owned subsidiary, Gabelli & Partners, LLC (“Gabelli & Partners”). GCIA is an investment adviser registered with the Securities and Exchange Commission (“SEC”) under the Investment Advisers Act of 1940, as amended (the “Advisers Act”). GCIA and Gabelli & Partners together serve as general partners or investment managers to investment funds, including limited partnerships and offshore companies (collectively, “Investment Partnerships”) and separate accounts. We primarily manage assets across a range of risk and event arbitrage portfolios and in equity event-driven value strategies. The business earns management and incentive fees from its advisory activities. Management fees are largely based on a percentage of assets under management (“AUM”). Incentive fees are based on a percentage of the investment returns of certain client portfolios.

We manage assets on a discretionary basis and invest in a variety of U.S. and foreign securities mainly in the developed global markets. We primarily employ absolute return strategies with the objective of generating positive returns. We serve a wide variety of investors globally including private wealth management clients, corporations, corporate pension and profit-sharing plans, foundations and endowments, as well as serving as sub-advisor to certain third-party investment funds.

In merger arbitrage, the goal is to earn absolute positive returns. We introduced our first limited partnership, Gabelli Arbitrage (renamed Gabelli Associates Fund), in February 1985. Our typical investment process begins at the time of deal announcement, buying shares of the target at a discount to the stated deal terms, earning the spread until the deal closes, and reinvesting the proceeds in new deals in a similar manner. By owning a diversified portfolio of transactions, we mitigate the adverse impact of single deal-specific risks.

As the business and investor base expanded, we launched an offshore version in 1989. Building on our strengths in global event-driven value investing, several investment vehicles have been added to balance investors’ geographic, strategic and sector-specific needs. Today, we manage investments in multiple categories, including merger arbitrage, event-driven value and other strategies.

Proprietary Capital

Proprietary capital is earmarked for our direct investment business that invests in new and existing businesses, using a variety of techniques and structures. We launched our direct private equity and merchant banking activities in August 2017. The direct investment business is developing along several core pillars:

- Gabelli Private Equity Partners, LLC (“GPEP”), formed in August 2017 with \$150 million of authorized capital as a “fundless” sponsor.
- Gabelli Principal Strategies Group, LLC (“GPS”) was created in December 2015 to pursue strategic operating initiatives broadly.

Our direct investing efforts are organized to invest in various ways, including growth capital, leveraged buyouts and restructurings, with an emphasis on small and mid-sized companies. Our investment sourcing is across a variety of channels including direct owners, private equity funds, classic agents, and corporate carve outs (which are positioned for accelerated growth, as businesses seek to enhance shareholder value through financial engineering). The Company’s direct investing vehicles allow us to acquire companies and create long-term value with no pre-determined exit timetable.

We have a proprietary portfolio of cash and investments which we expect to use to invest primarily in funds that we will manage, provide seed capital for new products, expand our geographic presence, develop new markets and pursue strategic acquisitions and alliances.

Financial Highlights

The following is a summary of the Company's financial performance for the quarters ended March 31, 2024 and 2023:

(\$000s except per share data or as noted)

	First Quarter	
	2024	2023
AUM - end of period (in millions)	\$ 1,549	\$ 1,799
AUM - average (in millions)	\$ 1,556	\$ 1,841
Net income/(loss) per share-basic and diluted	\$ 0.64	\$ 0.81
Book value per share at March 31	\$ 42.80	\$ 41.30

Condensed Consolidated Statements of Income

Investment advisory and incentive fees, which are based on the amount and composition of AUM in our funds and accounts, represent our largest source of revenues. Growth in revenues depends on good investment performance, which influences the value of existing AUM as well as contributes to higher investment and lower redemption rates and attracts additional investors while maintaining current fee levels. Growth in AUM is also dependent on being able to access various distribution channels, which is usually based on several factors, including performance and service. In light of the ongoing dynamics created by the conflict in the Middle East and the Russian invasion of Ukraine and their impact on the global economy and markets, we could experience higher volatility in the short-term returns of our funds.

Incentive fees generally consist of an incentive allocation on the absolute gain in a portfolio generally equating to 20% of the economic profit, as defined in the agreements governing the investment vehicle or account. We recognize such revenue only when the measurement period has been completed generally in December or at the time of an investor redemption.

Compensation includes variable and fixed compensation and related expenses paid to officers, portfolio managers, sales, trading, research and all other professional staff. Variable compensation is paid to sales personnel and portfolio management and may represent up to 55% of revenues.

Management fee expense is incentive-based compensation equal to 10% of adjusted aggregate pre-tax profits paid to the Executive Chair or his designees for his services pursuant to an employment agreement.

Other operating expenses include general and administrative operating costs.

Other income and expense includes net gains and losses from investments (which include both realized and unrealized gains and losses from securities and equity in earnings of investments in partnerships), interest and dividend income, and interest expense. Net gains and losses from investments are derived from our proprietary investment portfolio consisting of various public and private investments and from consolidated investment funds.

Net income attributable to noncontrolling interests represents the share of net income attributable to third-party limited partners of certain partnerships and offshore funds we consolidate. Please refer to Notes 1 and 4 in our condensed consolidated financial statements included elsewhere in this report.

Condensed Consolidated Statements of Financial Condition

We ended the first quarter of 2024 with approximately \$879.4 million in cash and investments, net of securities sold, not yet purchased of \$9.4 million. This includes \$308.7 million of cash and cash equivalents; \$86.7 million of U.S. Treasury obligations; \$207.0 million of securities, net of securities sold, not yet purchased, including shares of GAMCO with a market value of \$51.0 million; and \$277.0 million invested in affiliated and third-party funds and partnerships, including investments in affiliated closed end funds which have a value of \$55.9 million and more limited liquidity. Our financial resources provide flexibility to pursue strategic objectives that may include acquisitions, lift-outs, seeding new investment strategies, and co-investing, as well as shareholder compensation in the form of share repurchases and dividends.

Total shareholders' equity was \$916.9 million or \$42.80 per share as of March 31, 2024, compared to \$907.0 million or \$42.11 per share as of December 31, 2023. Shareholders' equity per share is calculated by dividing the total equity by the number of common shares outstanding. The increase in equity from the end of 2023 was largely attributable to income for the year to date period.

Three Months Ended March 31, 2024 Compared to Three Months Ended March 31, 2023

Overview

Our operating loss for the quarter was \$5.0 million compared to \$5.1 million for the comparable quarter of 2023. Other income was \$22.6 million in the 2024 quarter compared to \$24.7 million in the prior year's quarter. The Company recorded income tax expense in the current quarter of \$3.8 million compared to \$1.6 million in the prior year's quarter. Consequently, our current quarter net income was \$13.8 million, or \$0.64 per diluted share, compared to \$17.8 million, or \$0.81 per diluted share, in the prior year's comparable quarter.

Revenues

Total revenues in the first quarter were \$3.0 million compared to \$2.5 million in the first quarter of 2023. Revenues generated by the GAMCO International SICAV – GAMCO Merger Arbitrage (the "SICAV") were \$1.7 million versus \$1.1 million in the prior year period. All other revenues were \$1.3 million compared to \$1.4 million in the year-ago quarter.

Starting in December 2023, the SICAV revenue recognized by the Company for its services increased to 100% of the revenues received by Gabelli Funds, LLC. In turn, AC now pays the marketing expenses of the SICAV that were previously paid by Gabelli Funds and remits an admin fee to GAMCO for administrative services provided to the SICAV. This change better aligns the financial arrangements with the services rendered by each party.

Incentive fees are not recognized until the uncertainty surrounding the amount of variable consideration ends and the fee is crystalized, typically on an annual basis on December 31. There were no material unrecognized incentive fees for the quarters ended March 31, 2024 and 2023.

Expenses

Compensation, which includes variable compensation, salaries, bonuses and benefits, was \$3.8 million and \$3.6 million for the three month periods ended March 31, 2024 and 2023, respectively, primarily driven by higher stock-based compensation expense in 2024.

Management fee expense represents incentive-based and entirely variable compensation in the amount of 10% of income before management fee and income taxes and excluding the impact of consolidating entities and is payable to Mario J. Gabelli, Executive Chair, or his designee pursuant to his employment agreement. Management fee expense of \$2.0 million was recorded for the three-month period ended March 31, 2024 compared to \$2.5 million for the three-month period ended March 31, 2023.

Other operating expenses were \$2.2 million during the three months ended March 31, 2024 compared to \$1.5 million in the prior year's quarter driven primarily by marketing expenses on the newly realigned SICAV.

Other

Net gain/(loss) from investments is primarily related to the performance of our securities portfolio and investments in partnerships. Investment gains were \$16.8 million in the 2024 quarter compared to \$20.5 million in the comparable 2023 quarter.

Interest and dividend income increased to \$6.0 million in the 2024 quarter from \$5.2 million in the 2023 quarter primarily driven by increased interest income as a result of higher sustained interest rates in the 2024 quarter.

Shareholder-designated contributions in the 2024 quarter decreased to \$0.1 million compared to \$0.9 million in the prior year's quarter, driven by timing of contributions.

Income taxes

The effective rate for the three months ended March 31, 2024 and March 31, 2023 was 21.5% and 8.1%, respectively. The difference in effective rate period over period is primarily driven by deferred tax benefits from a foreign investment which reduced the prior quarter's effective tax rate.

ASSETS UNDER MANAGEMENT

Our revenues are highly correlated to the level of assets under management and fees associated with our various investment products, rather than our own corporate assets. Assets under management, which are directly influenced by the level and changes of the overall equity markets, can also fluctuate through acquisitions, the creation of new products, and the addition of new accounts or the loss of existing accounts. Since various equity products have different fees, changes in our business mix may also affect revenues. At times, the performance of our equity products may differ markedly from popular market indices, and this can also impact our revenues.

Assets under management were \$1.5 billion as of March 31, 2024 compared to \$1.6 billion at December 31, 2023. The decrease from year-end was primarily attributable to investor outflows.

(1) Reflects the impact of currency fluctuations of non-US dollar denominated classes of investment funds.

The majority of our AUM have calendar year-end measurement periods, and our incentive fees are primarily recognized in the fourth quarter. Assets under management decreased on a net basis by \$42 million for the quarter ended March 31, 2024 due to net investor outflows of \$43 million and the impact of currency fluctuations in non-US dollar denominated classes of investment funds of \$11 million, partially offset by market appreciation of \$12 million.

Liquidity and Capital Resources

Our principal assets consist of cash and cash equivalents; treasury securities; marketable securities, primarily equities, including 2.4 million shares of GAMCO; and interests in affiliated and third-party funds and partnerships. Although Investment Partnerships may be subject to restrictions as to the timing of distributions, the underlying investments of such Investment Partnerships are generally liquid, and the valuations of these products reflect that underlying liquidity.

Summary cash flow data is as follows (in thousands):

	Three Months Ended March 31,	
	2024	2023
Cash flows provided by (used in):		
Operating activities	\$ (1,105)	\$ 183,592
Investing activities	(663)	(572)
Financing activities	(4,306)	(5,177)
Net (decrease)/increase in cash, cash equivalents and restricted cash	(6,074)	177,843
Cash, cash equivalents and restricted cash at beginning of period	347,057	221,269
Cash, cash equivalents and restricted cash at end of period	<u>\$ 340,983</u>	<u>\$ 399,112</u>

We require relatively low levels of capital expenditures and have a highly variable cost structure where costs increase and decrease based on the level of revenues we receive. Our revenues, in turn, are highly correlated to the level of AUM and to investment performance. We anticipate that our available liquid assets should be sufficient to meet our cash requirements as we build out our operating business. At March 31, 2024, we had cash and cash equivalents of \$308.7 million, Investments in U.S. Treasury Bills of \$86.7 million and \$207.0 million of investments net of securities sold, not yet purchased of \$9.4 million. Included in cash and cash equivalents as of March 31, 2024 is \$11.4 million which is held by consolidated investment funds and may not be readily available for the Company to access.

Net cash used in operating activities was \$1.1 million for the three months ended March 31, 2024. Operating cash flows in 2024 are driven by adjustments for noncash items, primarily gains on investments securities and partnership investments and deferred taxes of \$14.0 million, \$3.8 million of net decreases in securities, net contributions to investment partnerships of \$0.5 million, offset partially by our net income of \$13.9 million and \$3.3 million of net receivables/payables. Net cash used in investing activities was \$0.7 million primarily due to purchases of securities of \$4.0 million, partially offset by proceeds from sales of securities of \$2.7 million and return of capital on securities of \$0.6 million. Net cash used in financing activities was \$4.3 million resulting primarily from stock buyback payments of \$3.9 million and redemptions of redeemable noncontrolling interests of \$0.4 million.

Net cash provided by operating activities was \$183.6 million for the three months ended March 31, 2023 due to \$176.3 million of net decreases of securities and net distributions from investment partnerships, our net income of \$18.0 million and \$6.9 million of net receivables/payables, partially offset by \$17.6 million of adjustments for noncash items, primarily gains on investments securities and partnership investments and deferred taxes. Net cash used in investing activities was \$0.6 million primarily due to purchases of securities of \$1.0 million, partially offset by return of capital on securities of \$0.5 million. Net cash used in financing activities was \$5.2 million resulting primarily from redemptions of redeemable noncontrolling interests of \$3.2 million and stock buyback payments of \$1.9 million.

Critical Accounting Policies and Estimates

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ significantly from those estimates. See Note 1 and the Company's Critical Accounting Policies in Management's Discussion and Analysis ("MD&A") of Financial Condition and Results of Operations in AC's 2023 Annual Report on Form 10-K filed with the SEC on March 21, 2024 for details on Critical Accounting Policies.

ITEM 3: Quantitative and Qualitative Disclosures About Market Risk

Smaller reporting companies are not required to provide the information required by this item.

ITEM 4. Controls and Procedures

Disclosure Controls and Procedures

As of the end of the period covered by this report, an evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective as of and for the period covered by this report.

Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting as defined by Rule 13a-15(f) that occurred during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Forward-Looking Information

Our disclosure and analysis in this report contain some forward-looking statements. Forward-looking statements give our current expectations or forecasts of future events. You can identify these statements because they do not relate strictly to historical or current facts. They use words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning. They also appear in any discussion of future operating or financial performance. In particular, these include statements relating to future actions, future performance of our products, expenses, the outcome of any legal proceedings, and financial results. Although we believe that we are basing our expectations and beliefs on reasonable assumptions within the bounds of what we currently know about our business and operations, there can be no assurance that our actual results will not differ materially from what we expect or believe. Some of the factors that could cause our actual results to differ from our expectations or beliefs include, without limitation:

- the adverse effect from a decline in the securities markets
- a decline in the performance of our products
- a general downturn in the economy
- changes in government policy or regulation
- changes in our ability to attract or retain key employees
- unforeseen costs and other effects related to legal proceedings or investigations of governmental and self-regulatory organizations

We also direct your attention to any more specific discussions of risk contained in our Form 10 and other public filings. We are providing these statements as permitted by the Private Litigation Reform Act of 1995. We do not undertake to update publicly any forward-looking statements if we subsequently learn that we are unlikely to achieve our expectations or if we receive any additional information relating to the subject matters of our forward-looking statements.

PART II: Other Information

ITEM 1: Legal Proceedings

Currently, we are not subject to any legal proceedings that individually or in the aggregate involved a claim for damages in excess of 10% of our consolidated assets. From time to time, we may be named in legal actions and proceedings. These actions may seek substantial or indeterminate compensatory as well as punitive damages or injunctive relief. We are also subject to governmental or regulatory examinations or investigations. Examinations or investigations can result in adverse judgments, settlements, fines, injunctions, restitutions or other relief. For any such matters, the condensed consolidated financial statements include the necessary provisions for losses that we believe are probable and estimable. Furthermore, we evaluate whether there exist losses which may be reasonably possible and, if material, make the necessary disclosures. However, management believes such matters, both those that are probable and those that are reasonably possible, are not material to the Company's condensed consolidated financial condition, operations, or cash flows at March 31, 2024. See also Note 10, *Guarantees, Contingencies and Commitments*, to the condensed consolidated financial statements in Part I, Item 1 of this Form 10-Q.

ITEM 1A: Risk Factors.
